If you love me, keep my commands. And I will ask the Father, and he will give you another advocate to help you and be with you forever—the Spirit of truth.

John 14:15-17

Jaxon was 3 years old. He liked to help his mom to show her how much he loved her. He liked to help push the grocery cart and match the socks from the laundry. He liked to count out five forks and take them to the family dinner table.

One day, Jaxon decided he was old enough to help vacuum too. He pushed the vacuum around the living room, but it didn't seem to be picking up any cheerios. "Maybe it should be faster," he thought. He tried going faster. Nope. No cheerios. "When Mom vacuums, it's loud. Maybe I need noise." He hummed and growled while he pushed the vacuum around. All the cheerios remained untouched.

Mom entered the room and knew right away what the problem was. The vacuum cleaner wasn't plugged in! As soon as she plugged the cord into the outlet, the vacuum hummed and cleaned.

Jesus told his disciples how they could show love for him—by obeying his commands. That means doing everything God tells us to—like listening to your parents and hearing God's Word. It also includes not doing what God doesn't want—like lying, stealing, or using his name thoughtlessly.

Believers know Jesus' love. We see how he has taken away all our failures to obey God's commands. And we want to show how thankful we are by living for him.

Like Jaxon's vacuum cleaner, we need a power source. And we have it. When we plug into God's Word, the power of the Holy Spirit runs through us. He makes us confident in our salvation because of Jesus, and he gives us power to obey God's commands in our lives. Stay plugged in! It gives your heart peace and your life power.
